

**Our offices will be closed for
Labor Day on September 7th**

NO 40 HOUR CLASS OFFERED DURING THIS WEEK

Remember Charlie

Not just a title but a call to action, Remember Charlie captures the audience with a common language ("Accidents don't happen to me. Accidents happen to someone else"). A motivating storyteller, Charlie Morecraft recreates his near-fatal accident in engaging detail. With the audience on the edge of their seats, Charlie drives home the importance of following safety procedures. Everyone wakes up to the high cost of an accident, not only to themselves but to their families. Seldom are people confronted by real consequences of an abuse in safety practices. If you and your employees "Remember Charlie", you will remember to follow safety procedures.

ITENERARY
